TEN FAVORITE DUTCH TULIPS

LARGE TOP SIZE BULBS

10 Best Varieties — Brightest Colors, 57c Per Doz.
Red, Yellow, Pink, Violet, Black and Brown

BARTIGON—22 inches high, large fiery, crimson shaded scarlet, blue base, one of the finest, good forcer. **1 dozen 57c.**

FARNCOMB SANDERS—25 inches tall, bright rose and scarlet, lined with vivid cerise-scarlet, center blue and white. A perfect flower. **1 dozen 57c.**

PRIDE OF HAARLEM—28 inches tall, one of the tallest and brightest. Rose-red blended with purple. Large blooms. Very showy. **1 dozen 57c.**

BARONNE de la TONNAYE—26 inches tall, bright rose-pink, edged with blush-rose, large long flowers, beautifully shaped. **1 dozen 57c.**

CLARA BUTT—20 inches tall. A lovely hue of shrimp-pink, with lighter edge, white base. A favorite pink tulip, blooms in mid-season and lasts well. **1 dozen 57c.**

MME. KRELAGE—27 inches high. This beautiful tall Darwin is banded with rose-pink bordering to lighter shades of pink, blooms early. **1 dozen 57c.**

BLACK TULIP ("La Tulip Noire")—Comes nearest to being a real black flower of any tulip grown and gives a very rich effect to a collection. **1 dozen 57c.**

VIOLET REV. EUBANK—This is the most popular of the lavender shades, a tall wide open flower that lasts well. A very choice variety. **1 dozen 57c.**

YELLOW INGLECOMBE—Known as the Yellow Darwin, although it is really a tall Cottage Tulip. There is no real Darwin of such a rich yellow color. **1 dozen 57c.**

BROWN TURENNE—We had to select a Breeder tulip to get this unusual color. The shade is purple-brown and amber. Grows 25 inches tall. A very beautiful flower. **1 dozen 57c.**

Special, One bulb of each variety not labeled (10 bulbs) for 49c

Three of each (30 bulbs) for \$1.29

Ten of each (100 bulbs), each variety labeled \$3.85

SPECIAL MIXED DARWINS — 33 for 97c

This offer contains many excellent varieties, in all colors, mostly Darwins. The bulbs are 2nd size, every one will bloom beautifully. No small bulbs in this lot.

Our stock is limited. Order now, 33 for 97c; 100 for \$2.83

RED, WHITE, PINK, YELLOW and BLUE HYACINTHS

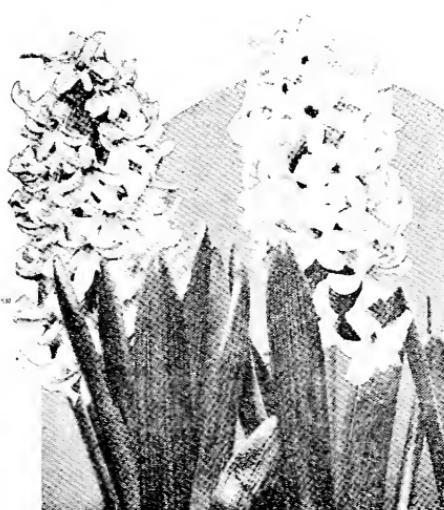

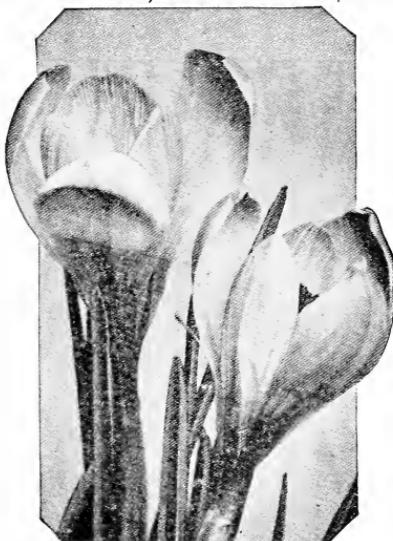

Our Bulbs Produce Extra Large Blooms Almost
a Foot High

Hyacinths are the most showy and fragrant of our early spring flowers and are also nice for planting in pots for winter enjoyment.

If planted in a bed outdoors it is best to select a well drained location. A bed of hyacinths is truly a beautiful sight when in bloom, and their sweet fragrance scents the whole grounds. When once planted they will last for many seasons.

**Special 5 bulbs, one each color
for 85c.**

15 bulbs, three each for \$2.23.

DUTCH CROCUSES

The colorful, cheerful little flowers will add much to the joys of spring time. It is always a pleasant thrill and surprise to find the first bloom, almost as soon as the last snow drift disappears.

Do Not plant too deep, about one inch in depth is enough. **Price, 12 for 50c, or 39 for 97c; 100 for \$2.39.**

GRAPE HYACINTH MUSCARI

(Heavenly Blue)

These charming little flowers should be planted in masses, or may be used for a border. They grow on long stems, about six inches high. Fine for cut flowers as they remain fresh in water for a long time with a pleasant, delicate fragrance. The color is a rich, intense gentian blue. The pretty effect in the lawn or border is a delight to the eye for a long period through April and May.

The muscari is entirely hardy and when once planted increase in number and beauty from year to year.

Our bulbs are the true variety imported by us from Holland. **12 for 45c; 33 for 97c.**

REGAL LILIES

LARGEST AND MOST
BEAUTIFUL LILY

Introduced from northwestern China; very hardy. This glorious bloom, which is forced by florists at Easter time, may be produced at its best in your garden. The large white flowers are slightly suffused with pink with a beautiful glow of canary yellow at the center. Its perfume is exquisite. Blooms in your garden in July; several blooms on a stock. Grows five feet high.

Large bulbs are about six inches in circumference; small bulbs are about 3 inches. The large bulbs will produce from 3 to 6 large flowers the first summer. The small will bloom but one or two flowers. A good investment.

Price, 3 inch bulbs 20c each; 6 for 97c.

Price, 6 inch bulbs 55c each; 2 for 97c.

Packet containing 100 Regal Lily Seed, 10c.

LILY OF THE VALLEY

Every one loves these sweet-scented, modest, little white flowers, and they are so easy to have that everyone who has a little space of ground in some out of the way corner should plant a bed. They will thrive in deep shade or in partly shaded locations. Our pips, if planted in the open ground in the fall will bloom the next spring. **7 for 25c; 33 for 95c.**

Lily of the Valley

WHITE DAY LILY

(*Grandiflora*)

Large, white, wax-like blooms, are delightfully fragrant, bloom late in July. The broad, massive foliage makes them an attractive plant for the border even when not in bloom. Very hardy and among the easiest to grow. **35c each; 3 for 97c.**

Oriental Poppy

ORIENTAL POPPIES

For a gorgeous coloring the Oriental Poppy has few rivals among hardy plants. They produce a magnificent effect in shrubberies, Brilliant scarlet. May be planted late summer and fall. Also in early spring, not later than middle of April. **27c each; 6 for 97c; seed, 10c.**

BLEEDING HEART

It gets its name from its curious shaped flowers which resemble a red heart with a drop of blood below. The stems grow 2 feet long; a very popular plant. Its leaves are dainty and fern-like. The Bleeding Heart is an old fashion flower in great demand at the present time. Easy to grow. Will last for years. Our large field grown roots have 5 or more eyes. Will bloom next summer. **59c each; 3 for \$1.57.**

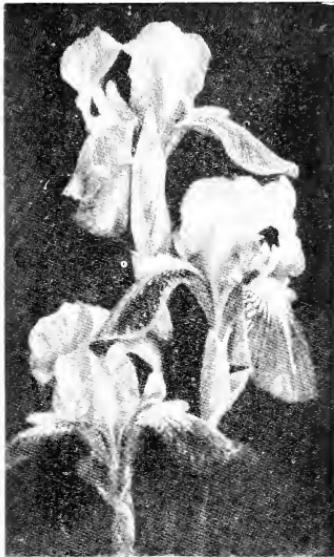

IRIS

SPECIAL BARGAIN, MIXED UNNAMED IRIS, 12 FOR \$1.00

We have several good varieties from which we will make up a collection of one dozen for one dollar, we will put in at least six different kinds, if they were sold by name they would cost about three times as much. We know you will be delighted with this collection when they bloom next spring, enough for a good size bed of beautiful flowers. Bargain price, **12 for \$1.00.**

FREE—1 Mother of Pearl and 1 Princess Beatrice (Labelled)

With each order for our Dollar Collection we will give one each of our finest Iris—one Mother of Pearl and one Princess Beatrice. This is the best Iris bargain I have ever known—12 good Unnamed Iris and two expensive Iris all for One Dollar.

German Iris

BLUE PLANTAIN LILY

(*Funkia*)

Among the easiest plants to manage. Their broad massive foliage makes them attractive subjects for the border even when not in flower. They succeed equally well in sun or shade, being one of the few choice perennials which will accept a shady location without protest. Blue flowers in June. **35c each; 3 for 90c; 12 for \$3.00, postpaid.**

PEONIES

PEONIES—The fall is the best time to plant. Our stock consists of some Big Beauties in RED, PINK and WHITE but we do not give the names, if we did the price would be higher. Nice large roots with 3 to 5 eyes.

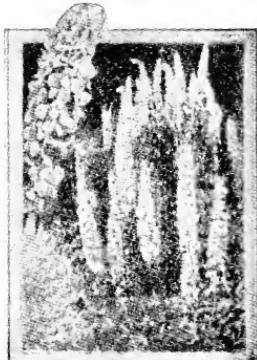

Special Bargain

37c each; 3 for 97c; 10 for \$2.95

DELPHINIUM

(*Hardy Larkspur*)

Beyond question the queen of all blue flowers. Splendid plants with a wonderful root system. **27c each; 6 for 97c; seeds, 20c pkt.**

AQUILEGIA (COLUMBINE)

One of the most beautiful of perennials; a great variety of colors, their long stems making them nice for cut flowers. I offer the mixed varieties, all colors—Strong, well rooted plants, **27c each; 6 for 97c; seed, 10c pkt.**

Shasta Daisy

SHASTA DAISY

(Giant Moonpenny. Alaska)

A much improved hardy Daisy, bearing a profusion of large white flowers from early spring till late in the fall. Fine cut flowers. **27c each; 6 for 97c; seed, 10c pkt.**

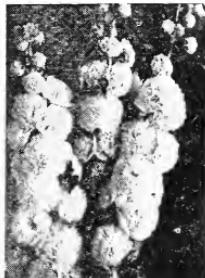

HARDY PHLOX

Very easy to raise and one of the most valuable for garden planting. Large heads of most brilliant colored flowers, which are in bloom from June till late in the fall. **Red, White or Pink, 27c each; 6 for 97c.**

HARDY CARNATIONS

A true Carnation, large double blooms in shades of red, pink, white and yellow. These Carnations are just as nice as the greenhouse varieties, the flowers lasting for several days, filling the whole house with a delightful, sweet, spicy fragrance. They bloom continuously from June until checked by frost. Perfectly hardy, need no protection. May be taken up and potted in the fall if desired, for house plants. My plants are mixed, all of the above colors. **Large, two year plants, 27c each; 5 for \$1.00; seed, 10c pkt.**

HOLLYHOCKS

Double Hollyhock

A picture of a beautiful garden would not be complete without the tall, majestic Hollyhock, with its column of large, double, bright colored flowers in many beautiful shades of pink, white, yellow, red, mixed. A blaze of beauty throughout the summer. **27c each; 6 for 97c; seed, 10c.**

CHINESE LANTERN PLANT

For Christmas decorations. Grows 2 feet high, throwing up numerous long stems on which are borne a large, brilliant husk or bladder of red color, which retains its beauty when dried. Very ornamental. **12 roots for \$1.00, seed, 10c.**

HIBISCUS

New giant flowering Marsh Mallows, a wonderful variety, producing flowers of enormous size, 5 inches across. Bloom all summer. **Large plants, mixed, 27c each; 6 for 97c.**

ROSE COLOR CONE FLOWER

A free bloomer in midsummer, good for cut flowers. Remains in bloom till late fall, 3 to 4 feet tall. Flowers 4 inches across. Large brown cone shape center. Very showy for background. **27c each; 6 for 97c.**

CANTERBURY BELLS

An old-time favorite, growing 2 to 3 feet high and bearing in great profusion very pretty bell-shaped flowers. The Campanulas give to our gardens exceedingly pretty flowers for almost any situation, moist or dry, sunny or shaded, and the flowers are produced even in summer drought. Valued for cut flowers. **27c each; 6 for 97c; seed, 10c.**

Campanula Medium

BLUE SALVIA

A perennial form of Salvia, bright blue flowers borne on tall spikes 4 feet high. A very ornamental perennial, blooms freely in the fall. **Large plants, 27c each; 6 for 97c.**

PERENNIAL SWEET PEAS

A showy climber which remains in the ground year after year, often grows 8 to 10 feet high, bearing a mass of flowers throughout the summer; fine for covering old fences or trellises. Excellent for cut flowers, lasting many days. Colors are mixed pink, white, and soft shades of blue and lavender. **Plants, 27c each; 6 for 97c; seed, 10c.**

Tritoma

TRITOMA

Flame Flower (or Red Hot Poker)

Flowers grow on tall spikes of most brilliant scarlet and orange, beautiful and showy. **27c each; 6 for 97; seed, 10c.**

Japan Walnuts Picked From Six Year Old Tree

like the English walnut, but not so thin. The nuts are larger than a pecan: they grow in clusters of 12 or 15 at the tips of the branches. The tree begins bearing when three years old. It is perfectly hardy except in the extreme North. We are offering a low price on 2 year trees. Very heavy roots. **Price, 2 years, 47c each; 3 for \$1.29.**

NUT TREES JAPANESE WALNUT

2 to 3 feet,, big roots, 47c

This beautiful fast growing tree would be well worth growing for an ornamental tree alone, but the owner of a Japanese walnut tree is rewarded every year by a crop of most delicious, rich and valuable nuts, of smooth shell

The nuts are long and when cracked on end the meats come out whole; they are very rich and oily, preferred by many to any other nut. The nuts are borne in clusters, dropping after the first hard frosts. A hardy tree in the North. 18 to 24 inches. **Price, 20c each; 3 for 50c; 7 for \$1.00.**

BUTTERNUT OR WHITE WALNUT

The nuts are long and when cracked on end the meats come out whole; they are very rich and oily, preferred by many to any other nut. The nuts are borne in clusters, dropping after the first hard frosts. A hardy tree in the North. 18 to 24 inches. **Price, 20c each; 3 for 50c; 7 for \$1.00.**

BLACK WALNUT

A native large spreading tree which makes a wonderful shade tree; it is very fast growing. The timber is one of the most valuable of all wood and is being bought at fabulous prices. The trees are becoming scarce, everyone who can should plant a few trees at once as they will soon bear loads of the richest kinds of nuts. 18 to 24 inches. **Prices, 20c each; 3 for 50c; 7 for \$1.00.**

SPECIAL SHRUBS

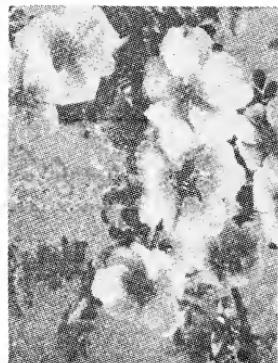

5 RED LEAF BARBERRY FOR 95c

For bright contrast in color when planted with other low shrubs this bush is unsurpassed, also very attractive as a specimen shrub. The color is purple and red in the summer, becoming a brighter red in autumn. This bush must be planted in open sunlight to get color. Our plants are two years old, about 10 to 12 inches high, very bushy roots. **25c each; 5 for 95c.**

3 GOLDEN ROSE OF CHINA FOR 95c

HUGONIS ROSE

A Sensational Discovery for Landscape Work and Planting Amongst Shrubs

Rosa Hugonis

While it is a true rose bush, it has such unusual beauty when out of bloom that it is of double value. The acacia-like foliage and maroon colored canes with the pretty, thorny new branches create beauty that impresses everyone.

In May it is a wonderful bush of gold. The flat two-inch blossoms can only be compared with the buttercup for color.

Long sprays of the golden canary flowers may be cut for table decoration.

May be planted among other shrubs or used as a specimen plant with gratifying results, but as a hedge it is indeed magnificent, becoming almost impenetrable after a few seasons' growth.

I offer this expensive rose at Bargain Price. **Strong, two-year field grown bush, 48c; 3 for 95c.**

5 SPIREA, LARGE THREE YEAR BUSHES, FOR 95c

Spirea (Van Houttei)—Grandest of Spireas; will thrive in almost any location, sunshine or shade. In full bloom in May and June, when it appears like a beautiful white fountain. It is an attractive shrub all summer, with its graceful branches and delicate bright green leaves. **25c each; 5 for 95c.**

5 RED SPIREA FOR 95c

Spirea (Anthony Waterer)—This low-growing shrub has the brightest crimson colored flowers of any Spirea. It is a continuous bloomer; very pretty for borders or foreground. Leaves are sometimes variegated yellow and green. **Two year, nice bushy plants, each 25c; 5 for 95c.**

5 PINK SPIREA FOR 95c

Spirea (Froebela)—A strong growing shrub; the flowers are a deep pink, blooming full in June and July, then again in the fall. The tips of the leaves are purple and red. **Strong two year plants 25c; 5 for 95c.**

UB BARGAINS

3 NEW DOUBLE MOCK ORANGE VIRGINALIS FOR 95c

Best of the mock oranges. Everyone who has one in bloom has something to be proud of. The beautiful pure white, double flowers are larger than any other variety. Sweet scented, fine for cutting, long blooming season, besides blooming some later in summer. The June bloom almost covers every branch. Has sold rather high, but I now offer it very reasonable. Grows rapidly to 5 feet high. **Vigorous two year plants, each 39c; 3 for 95c.**

2 ROSE ACACIA MOSS LOCUST FOR 95c

One of the most beautiful of all our flowering trees or shrubs, may be had either in form of a tree or a shrub.

Blooms at intervals throughout the summer, but in June it is glorious, for then it is covered with a mass of the most lovely pink flowers which have the beauty and form of the sweet pea, the clusters drooping like the bloom of the wisteria.

The branches are covered with mossy spines of a soft red color, which gives it the beauty of the moss rose.

The attractive foliage makes a beautiful setting for the pink flowers.

The Rose Acacia is one of our most desirable shrubs and is sure to please.

Heavy two year shrub, 2 ft. high, 59c each; 2 for 95c.

Prunus Triloba

2 ROSE TREE OF CHINA FOR 95c

(PRUNUS TRILOBA)

Very early in the spring before the leaves are out, this little tree or shrub comes into full bloom, on every slender branch is born the beautiful masses of dainty pink, double blossoms which resemble roses which suggests its name. These flowers are very nice for cut flowers.

The tree is very ornamental even when not in bloom because of its graceful form and handsome foliage.

A native of northern China, therefore perfectly hardy, even in our most northern states. The price has been rather high in the past but I am now able to offer good strong two year plants about two feet high, at a low price. These plants will bloom next spring. **Price, 55c each; 2 for 95c.**

SMOKE TREE FOR 95c

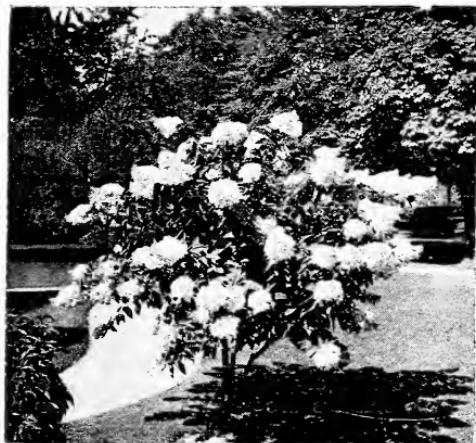

(PURPLE FRINGE)

Pringe, Purple (Smoke Tree). *Rhus Cotinus*. A conspicuous spreading shrub or small tree with large clusters of round leaves; overhung in midsummer by mist-like clouds of tiny flowers. These billowing panicles are a light lavender when fresh, very persistent, and give the impression of smoke at a distance. Highly colored in autumn. **Two year, 3 ft. high, each 95c.**

3 BUTTERFLY BUSHES FOR 95c

(Buddleia) called summer lilac. 2 year plants 35c; 3 for 95c.

HYDRANGEAS

Two Year, with Big Roots 37c

HYDRANGEA PANICULATA GRANDIFLORA

This is the variety which produces the big blooms, which are sometimes nearly a foot long. The flowers are pure white, changing to delicate pink in the fall. Large, bright green leaves; bush grows six feet high. The most showy shrub grown. **Price, strong, two year old plants, 37c each; 3 for 95c.**

HYDRANGEA ARBORESCENS (Hills of Snow)

A beautiful bush all summer with its loads of big white balls of bloom and rich green foliage; grows to a height of five feet. Begins blooming in June, continuing all summer. Hardy everywhere. **Price, heavily rooted plants, each 37c; 3 for 95c.**

RED FLOWERING CRAB

Beautiful new variety, the flowers carmine-red. Rounded, compact, small trees, largely used in lawn groups and high shrub borders, for their profuse early bloom; their dense, glossy, handsome foliage which colors richly; and their ornamental fruits. **87c.**

BECHTEL'S PINK FLOWERING CRAB

A beautiful little tree for the lawn. When in full bloom, in May, it appears to be covered with little pink roses of delicious fragrance. Perfectly hardy. **Price, 2 to 3 ft. trees, 87c.**

WHITE SNOWBERRY

A valuable old favorite; a clean, graceful bush which grows five feet high. Densely clothed with fine, dark green foliage. Delicate pink flowers appear in July, followed by wax like white berries which remain on in winter. A good shrub for a hedge or shady location. **Large, two year, each, 40c; 3 for \$1.00.**

RED SNOWBERRY OR CORAL BERRY

This shrub is much like the white snowberry, except its leaves are smaller and the fruit is red, hanging in rope-like clusters, producing a very attractive appearance in fall and winter. These shrubs are both very ornamental, easy to grow, thriving in shady places. Fine for hedges. **Large, two year, each, 40c; 3 for \$1.00.**

**SPECIAL ONE WHITE
 AND
 ONE RED 69c**

Large 3 Year Old BEAUTY BUSH 3 Feet High 95c

(Kolkwitzia Amabilis) A New Hardy Shrub

An exceedingly handsome ornamental shrub which has come to us from the wilderness of China. The foliage and habit of the bush is attractive when not in bloom, and it is perfectly hardy. It will grow over 6 feet high, its thick, arching branches are covered in springtime with clouds of deep pink flowers resembling honeysuckles. This new shrub has all the merits of a perfect hardy shrub, beauty of shape and foliage, besides an amazing profusion of flowers of beautiful colors.

Scarcity of Beauty Bush plants has kept the price high in the past, but I now have some heavy 3 year stock which, if planted this fall should bloom next spring. The price is now very moderate. **Heavy 3 year bushes 95c each; Light 1 year plants 37c each; 3 for \$1.00.**

SORBARIA (FALSE SPIREA)

A handsome, quick-growing, hardy shrub for foundation screens, also for a medium height background, either sunshine or part shade. Very valuable for covering a dry bank where most shrubs would not thrive. New plants will come from the roots, soon making a beautiful sight with its fluffy heads of pure white flowers and attractive foliage. A profuse bloomer from June to August. **Strong two year shrubs, 37c each; 3 for 95c.**

CLIMBING VINES FOR FALL PLANTING

AMERICAN BITTERSWEET

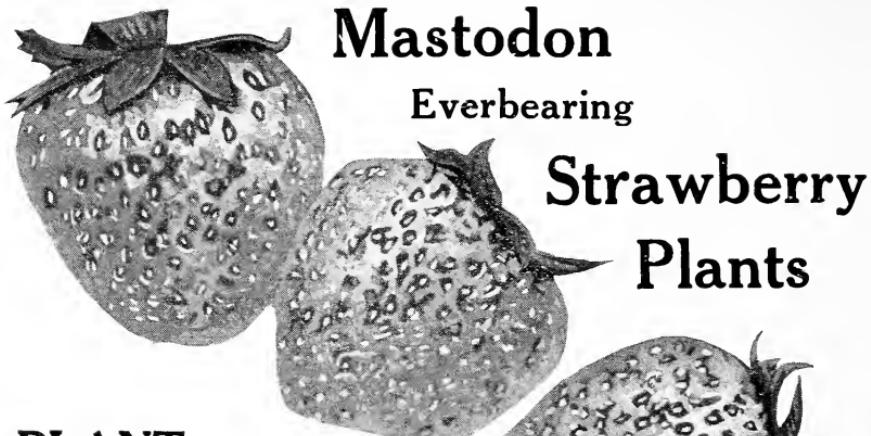

A bright colored native vine of great beauty, desirable for climbing over walls, fences or lattice. The foliage is glossy and attractive, the pretty orange-scarlet berries cover the vine in late summer and fall, remaining on all winter. These berries are much sought for winter decoration for the home. **Each, 37c; 3 for \$1.00.**

WISTERIA CHINESE PURPLE GRAFTED

We have in the past sold the Wisteria grown from seed, but we are convinced that the grafted vines are so much better, and sure to bloom that we are now offering the grafted vines only. These vines will bloom in great clusters of the most beautiful flowers which resemble bunches of sweet peas hanging down like clusters of grapes. The vine grows fast, the foliage is fern-like and beautiful. A splendid vine for porch trellis. Our plants are two years old, absolutely sure to bloom. **Price, 79c each; 2 for \$1.49.**

DUTCHMAN'S PIPE

Its odd shaped flowers resemble a brown pipe; blooms in June. It is a rapid grower after it gets well established. It thrives on the north side of the house in the shade. This is the large leaf variety which is pictured above. A little higher priced than the common and well worth the difference. **Heavy 2 year vines, 55c each; 2 for \$1.00.**

Mastodon

Everbearing

Strawberry Plants

PLANT THIS FALL

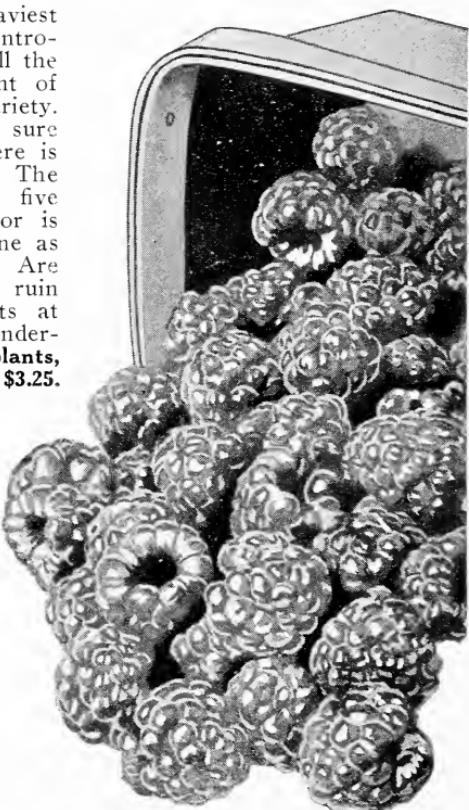

Mastodon Everbearing—The big berry and big yielder. In about ninety days after you set your patch it will produce a big crop of the finest everbearing strawberries you ever ate. It is a wonderful sight to see a patch of Mastodon in August and September, to see the loads of big ripe, sweet, red berries ready to go into a delicious shortcake.

The Mastodon is by far the heaviest yielding everbearing variety yet introduced, although the Champion is still the main commercial variety on account of scarcity of the new Mastodon variety. A patch of Mastodon would be a sure money maker for its owner, as there is always ready sale at high price. The big, fancy berries are sometimes five inches in circumference. The flavor is excellent. They bear heavily in June as well as in August and September. Are not injured by frosts that would ruin other varieties. Order some plants at once and get started with this wonderful variety. **Price, heavy rooted plants, 25 for \$1.00; 50 for \$1.75; 100 for \$3.25.**

LATHAM

The New Mosaic-free Hardy
Red Raspberry

A new variety from Minnesota, extremely hardy; biggest yielder of all reds. Growers averaging \$1,000 per acre. Best quality, large, firm, brilliant red. Disease-proof. The plants sell at a higher price than common varieties, but they are well worth the extra cost. Get started at once with this wonderful Red Raspberry. **Price, 12 for 60c; 25 for \$1.00; 100 for \$2.95.**

L. C. Casler, Paw Paw, Michigan

GRAPES

Big, Two Year Vines

Most easy fruit to grow, will bear in two years. Everyone who has a few feet of space should plant grape vines. They may be planted along fence rows and out of the way corners. They will add beauty to your grounds and soon bear bushels of clusters of sweet, healthful fruit for the family. It requires but a few grape vines to make a lovely shady arbor.

There is big profit in growing grapes on a large scale.

Note my low prices for best quality two year vines.

Concord—Large clusters; dark blue fruit, of excellent flavor. The best grape to plant for a commercial vineyard. The Concord is in great demand for sweet juice and wine. **Price, 5 for 50c; 12 for \$1.00; 100 for \$6.00.**

Niagara—The best white grape; fruit larger than Concord and sweeter; the best table grape. Keeps well after picking. **Price, 3 for 50c; 12 for \$1.50; 100 for \$8.00.**

Worden—A big black, early grape, very sweet pleasant flavor. A heavy yielder, bears in two years. **Price, 3 for 50c; 12 for \$1.50; 100 for \$8.00.**

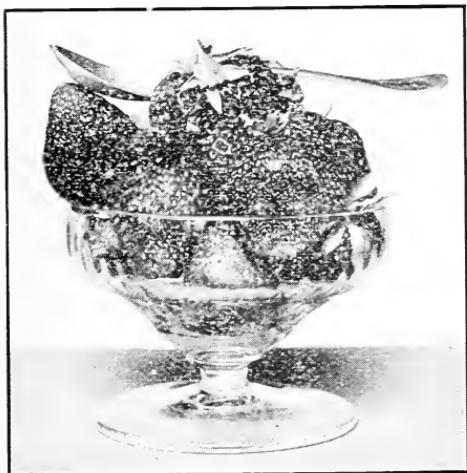

Moore's Early—Best early commercial grape; of excellent quality. Ripens two weeks earlier than Concord. Blue black. **Price, 3 for 50c; 12 for \$1.50; 100 for \$8.00.**

Delaware (Red)—The quality of this variety is considered the finest grown in the grape belt. The clusters and berries are small but very compact. Flavor deliciously sweet and spicy. **Price, each, 25c; 3 for 60c; 12 for \$2.00; 100 for \$15.00.**

SPECIAL HOME VINEYARD—10 VINES

Two vines of each of the above varieties, worth \$2.00, will be sent to you for \$1.19.

STRAWBERRY PLANTS

Strawberry orders will be filled with fresh dug plants. We begin filling orders as early as weather conditions will permit (about September 20th). They are not usually sent with other nursery stock, as they require special methods of packing. Please order early.

PREMIER

Every grower and nurseryman is praising the Premier. It is doubtless the best early strawberry. The fruit is of superior quality. The plant is a vigorous grower. The blossom is perfect. It will stand frosts that ruin other varieties and come through with a good crop. It outyields any other early variety. The berry is beautiful deep red. A good shipper. **25 plants for 35c; 100 for \$1.25; 500 for \$4.75; 1,000 for \$9.00.**

GIBSON (PER.)

One of the best mid-season varieties. A money maker for the market grower. Large, beautiful dark red berry. Heavy bearer with a long season. One of the best canning berries. A high quality table berry. **25 plants for 35c; 100 for \$1.25; 500 for \$4.00; 1,000 for \$7.00.**

PLANT FRUIT TREES THIS FALL

DON'T OVERLOOK THESE

BARGAINS

TWICE AS MUCH FOR YOUR MONEY

DANDY LITTLE FRUIT TREES AT LESS THAN HALF, WILL ADD MUCH TO THE VALUE OF YOUR HOME

Most useful and valuable varieties, medium size (about 3 ft. high). A good size for fall planting. Some are branched. All have good roots. If planted this fall, every tree will start early next spring and make rapid growth.

If you cannot use the entire collection, select as many as you wish at the low price quoted below.

One Bartlett Pear—vigorous grower, sweet and juicy.....	each 27c

Special Bargain Price \$2.67

LUCRETIA DEWBERRIES

Or Trailing Blackberry

The largest and sweetest of all berries, a heavy and sure bearer. Thrives on light soil. May be trellised to a wire or allowed to run on the ground. It is more easily cultivated if tied up, although the berries are just as nice if run on the ground in its natural way.

A single vine will produce several quarts of fruit. Fine to eat fresh, also excellent for canning or for jam.

A very healthful wine of finest flavor for family use may be made from the juice.

Will bear in one year after planting. Quite hardy, although a covering of straw or soil on the young canes insures a crop in a cold climate.

Good strong plants, 12 for 60c; 25 for \$1.00; 100 for \$2.95.

WHY PLANT IN THE FALL?

Fall planting is becoming more general every year, not only bulbs for spring flowers, such as Tulips, Hyacinths, Crocus and Narcissus but all kinds of Ornamental Shrubs and Trees as well.

We believe, from our own experience and from the many reports of our customers that most shrubs and trees and even Roses and Berry bushes get a better start when planted in the fall than if planted in the spring unless planted quite early in the spring. So much spring planting is done rather late on account of cold, wet weather and delay caused by too much to do at that time.

As usual, our prices are as low as possible for stock of good quality.

About packing, we take great care with this job for we want every plant and bulb to reach its destination in perfect condition. We use the best grade of Sphagnum Moss to hold moisture, placing water-proof paper next, then a tough grade of Kraft paper on the outside. We feel well repaid for our work when we receive a letter from our patron saying, "Order arrived in perfect condition."

We do not pay transportation. The express or postage may be paid when the shipment is received.

FREE PRUNING KNIFE

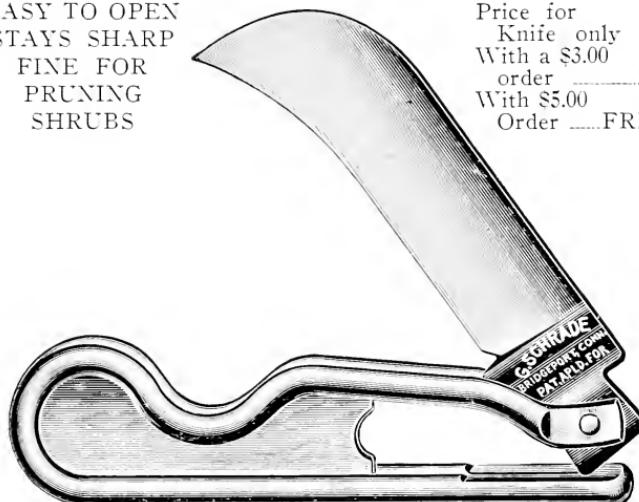

We Give a Free Pruning Knife With a \$5 Order
